

# Winchester Cathedral

## Creative Arts and Research Task

Winchester Cathedral is an inspiring, historical building and a focus for Christian spiritual reflection. Winchester Cathedral plays a big role in our academy as our logo reflects one side of the Cathedral.

### Research Task:

We would like you to create a research page about Winchester Cathedral. Please include a range of interesting facts about the Cathedral and any other information that you find out. Think carefully about the layout of your research page, how can you make it look interesting? This page should be able to capture people's attentions and give them the most relevant information.

### Creative Arts Task:

Produce a piece of artwork that represents Winchester Cathedral. Think about how you can interpret an image of the Cathedral and turn it into a piece of artwork. Think about what materials you want to use and be creative with your ideas.

Once you have completed this project, if you wish to do so, you can take a picture or scan in your project and email it to [year6transition@tbowa.org](mailto:year6transition@tbowa.org)
