Dear Parents/Guardians/Carers

Use of Lockers for students entering Year 7 during Academic Year 2023/2024

It is the policy of The Bishop of Winchester Academy that all students have the option of the use of a locker during their time here. This promotes tidiness and provides a safe place for your son/daughter to put their belongings; therefore we actively encourage students to rent lockers.

We ask parents/guardians/carers of students entering Year 7 to make an on-line payment through sQuid* for £50, which is the total cost of the locker for the five years that your child is at the Academy). For clarity, the rental fee is not refundable regardless of when your child leaves the academy. There will be a charge of £5 to replace any keys that are lost or damaged.

Whilst lockers offer a safer place for students to leave personal belongings, the academy cannot be held responsible for the loss or theft of personal belongings regardless of where they are left. The academy reserves the right to conduct a search of a student's locker, and by purchasing the locker you are giving consent to any such search. Any such search would only be carried out for valid reasons and would be conducted by two members of staff. Full T&Cs will be noted on the sQuid platform at time of paying up.

Thank you

Paul McKeown
Principal

* Details for setting up your sQuid account to facilitate purchasing a locker will be send out by separate correspondence
